

CASE FOUND FARM NORTH OF QUARANTINE

SIXTY-SEVEN HEAD OF CATTLE
ON HENRY HEY FARM ARE
SHUT UP.

NO WORD FROM STATE BOARD

George W. Smith Telegraphed Com-
missioners Again Tuesday
Afternoon.

Further spread of the foot and
mouth disease was indicated late on
Tuesday afternoon when the Henry
Hey farm located just over the line
between Palmyra township and Ogle
county, was quarantined by Dr.
Stevens of Mt. Morris, assistant state
veterinarian.

The malady has made its appear-
ance among a herd of 67 fine dairy
cows at the Hey farm, which is just
a few miles north of the George W.
Smith and Bert Hoyle farms where
the epidemic made its first appear-
ance last week.

No Word from Board.

Mr. Smith is anxiously awaiting
word from the State Board of Live
Stock Commissioners concerning the
execution of the stock on his farm,
and he telegraphed the secretary of
the board again asking that an ex-
pert be sent at once. The stock on
his farm continues to eat, but it is
not thought this is an indication of
any improved condition but that
their eating is the result of their
great hunger.

FLESH GROUND OFF HIS HAND

While at work in the grinding
room at the Grand Detour Plow
shops shortly before the noon hour
today Thomas Ford had the flesh
nearly ground off the back of the
little finger on the left hand. He
was polishing a plow share when
it slipped and the back of his left
hand came in contact with the re-
volving wheel. He was taken to the
office of a physician and the injury
dressed.

Cattlemen Will Ask Larger Fund For Stock Killed

Purpose To Fight State Appro-
priation Of Only Half
a Million

Cattle raisers and milk producers
are planning a fight before the state
legislature against the proposed
\$500,000 appropriation to pay for
the state's share of the cattle killed
since the foot and mouth epidemic
visited the state. The state must
pay one-half of the amount to reim-
burse the owners of the slaughtered
cattle. The federal government will
pay the other half. It is contended
that the proposed \$500,000
would be insufficient to meet the
losses.

This was made public yesterday by
Dr. John Dill Robertson, member of
the state board of agriculture, who
is also chief surgeon of the medical
department of Loyola University. He
said he had learned that the fight
would be exceedingly bitter.

"The slaughter of cattle worth
\$1,000,000 in Illinois has been a
silly bit of procedure," he said. "It
has devastated the herds of the state
and caused great loss to the farm-
ers."

"The theory that it was necessary
to kill the cattle because of their de-
tachment to human health has been
exploded. The disease ran rampant
throughout the state, hundreds of
cattle became afflicted and not a
case of foot and mouth disease among
humans has been reported."

"Those afflicted cattle which es-
caped slaughter have recovered and
that without the use of medicine.
The slaughter could have been avoid-
ed through the establishment of a
strict quarantine on all infected
farms. This the farmers would have
welcomed."

ASKS MAYOR TO STOP MEETINGS

DRASTIC STEPS PROPOSED TO
WIPE OUT FOOT AND
MOUTH DISEASE.

Christ Franke, mayor of Algonquin,
has been asked by veterinarians to is-
sue a proclamation at the meeting of
the village council this evening for-
bidding public meetings and the con-
gregation of crowds upon the streets
of the village in order to prevent the
spread of the dread foot and mouth
disease.

He has the matter under advise-
ment and he has up to the present re-
fused to give out any intimation con-
cerning his intentions.

Feeling runs high in Algonquin,
and vicinity concerning the demand
of the veterinarians. It was declared
by prominent citizens today that in
their belief the mayor would refuse
the request.

According to the Aurora Beacon-
News the veterinarians threatened to
call troops from Fort Sheridan to en-
force their orders at Algonquin if the
mandates are not obeyed and they
are not backed up by the village au-
thorities.

GRAND JURY FOUND FIVE TRUE BILLS

INDICTMENTS WERE RETURNED
BY INQUISITORIAL BODY
THIS MORNING.

DEFENDANTS ALL IN CUSTODY

Trial Docket Was Called By Judge R.
S. Farrand—List Is
Made Up.

The grand jury completed their la-
bors this forenoon and returned five
indictments. They made a report on
the condition of the court house and
county jail, after which they were dis-
charged.

The indictments returned were as
follows:

People vs. Leon Mongoven, William
McCormick and Ernest Kelly; riot
—ball fixed at \$500 each.

People vs. Frank Bell, larceny —
ball fixed at \$200.

People vs. Ray Jobe, alias Roy Jobe
alias Jack Graves, larceny—ball fixed
at \$500.

People vs. Fred Pieper and Arthur
Pieper, larceny—ball fixed at \$200
each.

People vs. Wm. West, larceny —
ball fixed at \$500.

Mongoven, McCormick and Kelly
are the young men of Harmon who
are accused of beating up Mr. Ostran-
der at that place several weeks ago.

Frank Bell must face the charge of
having stolen chickens at Amboy.

Tropic Heat To Frigid Blasts Within Ten Days

From Sunny Honolulu, where the
men were attired in duck trousers
and wearing straw hats enjoying the
balmy air, to the snow-capped moun-
tains of the Rocky chain with the mer-
cury hanging around 20 below zero in
less than ten days intervening, is the
experience of Rev. J. Beech, wife and
five children, who reached Dixon last
Saturday for a prolonged visit at the
home of the lady's parents, Mr. and
Mrs. Henry Decker of North Hennes-
sippi avenue. Rev. Beech has been con-
nected with the missionary fields of
western China, for the past fifteen
years and this is their first visit back
to the United States in six years. This
is the first time three of the children
have had the opportunity of gazing
on the scenery of the States. It is very
amusing to be able to sit within hear-
ing distance and hear some of the
older children chatter in the Chinese
tongue, with which language they are
quite familiar.

Rev. Beech and family have travel-
ed nearly 10,000 miles on their jour-
ney to Dixon. They left Chingtu, in
the Province of Szechuan, on October
8, in a small boat known as a "Lady
Junk" for the trip down the Chu-
King river. This journey required
nine days travel before reaching the
Yangtze river. Here they embarked on
a large steamer for the journey to
Shanghai, a distance of about 1500
miles. By the time they reached the
port of Shanghai they had been travel-
ing eighteen days and had covered
2,100 miles. They remained in Shang-
hai some little time while Mr. Beech
made a trip to Peking to seek an inter-
view with the president of the Yuan-
shih-Kai in regard to matters pertain-
ing to the university being built at
Chengtu.

On returning to Shanghai they
boarded the steamer Mongolla on De-
cember 6, for the journey across the
Pacific. On account of the European
war many of the British and Japa-
nese steamers have been taken off and

TOOK ONE BALLOT ON SPEAKERSHIP

ILLINOIS LEGISLATORS MET IN
A SHORT SESSION THIS
AFTERNOON.

Springfield, Jan. 6.—The house
took one roll call on speaker, and the
vote was distributed among twenty
members, adjourning then until to-
morrow. The senate met shortly be-
fore noon and plunged into the con-
tests to seat men in the vacancies
from Cook county districts.
Lieut. Gov. O'Hara announced that
he would refer the matter to the At-
torney General for an opinion, but to
this the republicans objected. The
senate adjourned.

Attorney J. E. Lewis of Amboy
was here today attending court.

Flour Prices Soar As Wheat Takes Big Jump

Millers Tack From 40 to 50
Cents On Price Of
Barrel Flour

When you were eating your toast
this morning your pocketbook was
growing thinner than under ordinary
conditions.

The reason is that flour prices have
jumped 40 to 50 cents a barrel within
a week.

The increase has resulted from the
necessity that the United States shall
be the "bread basket" not only of the
allied powers of Europe, but also of
Italy, Spain, Portugal, Sweden and
Belgium.

The advance in flour prices applies
to the entire country east of the
Rocky Mountains. In San Francisco a
jump of 50 cents was made yesterday.
In Portland, regon, flour was increas-
ed 20 cents to the highest price in 15
years.

10-Cent Increase in Wheat.

Wheat prices have leaped ten cents
in the leading markets within a week.

DAY EVENING.

Mayor J. H. Jackson of Streator
and the following city officials and
business men of that municipality
were visitors in Dixon Tuesday even-
ing, coming here to inspect the sys-
tem of boulevard lighting: City Clerk
H. G. Young, C. R. Lobb, Alderman
Frank Marks, Thurlow G. Elding, R.
F. Purcell and E. T. Rolph. Streator
is contemplating the installation of a
new boulevard system and the men
who visited this city Tuesday evening
were very enthusiastic over Dixon's
arrangements.

ARMED POSSE DRIVES BANDITS TOWARD DIXON

JOSEPH BOYER, PAROLED CON-
VICT, AND COMPANION ARE
HEADED THIS WAY.

DRIVEN FROM OREGON SHACK

Men Are Armed and Have Defied Ar-
rest By the Ogle County
Officials.

Late this afternoon Sheriff Mackay
of Oregon notified the Telegraph that
Boyer and his companion were head-
ed toward Dixon, and he asked the
Telegraph to notify the local authori-
ties to watch for them.

Oregon, Ill., Jan. 6.—Joseph Boyer,
an alleged paroled convict, and his
brother-in-law, who are wanted, it is
said, in connection with the robbing
of a number of summer cottages, es-
caped during the night from the fish-
ing shack on the island in Rock river
where they had defied the sheriff's
forces to dislodge them, and today
they were pursued into the forest to
the south of the river owned by for-
mer Congressman Frank O. Lowden.
The men are armed. A woman, who
was found in the fishing shack, was
taken to Oregon.

Oregon, Jan. 6.—On an ice-bound
island in the Rock river, four miles
from Oregon, a paroled convict has
barricaded himself and three persons
whom he holds as hostages to insure
his safety.

All day yesterday he fought off
Sheriff Mackay of Ogle county, who
wants him to answer a charge of rob-
bing the summer homes of wealthy
Chicagoans.

sulted last night in the sheriff and his
posse forming a line around the tiny
island for an all night vigil.

The convict is Joseph Boyer, four
times an inmate of the Joliet peniten-
tiary.

Boyer has been a burglar most of
his life and is 42 years old. The last
and fourth time he was sent to the
penitentiary was Jan. 13, 1911. He
served until May 3, 1914, when the
prison physician reported that he was
threatened with tuberculosis. Then he
was paroled.

The summer homes of Chicagoans
along the Rock river are infested
each winter by tramps. Boyer joined
them, but the police say his old in-
stincts remained uppermost. He was
not content to live in the cottages and
beg his food. He robbed wherever he
went.

home of John H. Coulter, a lawyer,
whose home is in Chicago. He found
that three persons, two women and a
man, were residing there for the win-
ter. But that made no difference. The
house is on an island. The police were
after him, so he took possession.

SECOND BOB PARTY WAS HAPPY EVENT

FOUR BOB LOADS OF CHILDREN
WERE GUESTS OF LITTLE
MISS RINK.

Four bob loads of youngsters were
guests of little Sarah Elizabeth Rink
at her second bob party Tuesday even-
ing and the party was fully as enjoy-
able as the first one Monday night.
Tonight the children between the
ages of five and twelve, who reside
west of the Illinois Central tracks
and south of the river will be her
guests, and they are requested to
meet at the corner of Depot avenue
and Seventh street and at Finkler's
restaurant at 7 o'clock. Tomorrow eve-
ning the North Dixon children of the
age specified will be her guests, the
meeting places being the Enterprise
grocery, John Dixon park and the
corner of Dixon avenue and Chamber-
lain street.

Carl Fisher was up from Amboy
today calling on Dixon friends.

New York Has Worst Tie-Up In History

(Associated Press.)

New York, Jan. 6.—More than
100 persons were overcome with
smoke, cut with flying glass or were
otherwise injured as the result of a
fire aboard a train in the subway
during the height of the morning
rush at 8 o'clock today.

In the panic and confusion the
police reported twelve had been
killed, but these reports proved to
be unfounded and only one known
dead, a woman, has been reported.

The entire fire fighting apparatus
of the down town district and every
automobile ambulance and pulmotor
was brought to the scene. The fact
that scores were taken away from
the subway unconscious led to the

early reports that many had been
killed.

The fire broke out in one train be-
tween the Fiftyeth and Fifty-ninth
street stations, following an earlier
tie-up of the system owing to an acci-
dent at the power house. All the
manholes and gratings were removed
and through these the firemen
placed their hose, while other fire-
men crawled through the blinding
smoke into the tube itself.

The passengers made a frantic rush for
the car ends through which they
poured and began to struggle toward
the two stations. Many were thrown
down and trampled upon. The
transportation tie-up resulting from
the fire was the worst in the history
of the city.

VERA CRUZ NOW HAS BLACK SMALL POX

EPIDEMIC BREAKS OUT IN CITY
RECENTLY VACATED BY
U. S. ARMY.

(Associated Press.)

Washington, D. C., Jan. 6.—An
epidemic of black small pox has
broken out in Vera Cruz, Mexico,
where carloads of dead and wounded
from the battle of Puebla are being
brought. The Carranza agency says
General Obregon is in control of
Puebla and that the losses to the
Zapata-Villa forces is several thou-
sands. The agency says Obregon
took 5,000 prisoners.

Supt. Miller Makes Report To State On County Schools

State Superintendent Blair has
made a requisition upon the county
superintendents of the state for in-
formation relative to the present con-
ditions of the schools, made Stand-
ard and Superior, during the past
years.

The requisition calls for the pres-
ent name and address of the teacher,
teacher's success, salary, length of
term, heating, ventilation, lighting,
desks, supplies, water supply, toilets,
interior of the building, and exterior
of the building.

County Superintendent Miller has
been pleased to report splendid im-
provements all along the line, not
only among the "Standard Schools"
but among many others as well.

Lee county now has 73 Standard
schools and one Superior school. It
is a matter of general interest that
in these classes of schools there are
76 schools maintaining school for
eight months during the school
year; 4 schools eight and one-half
months; and 13 schools nine months.

FIRST CONTEST OF NEW Y SCHEDULE

CHAPMAN'S MEN DROPPED TWO OF THREE GAMES TO RAYMOND.

The first game in the newly arranged bowling schedule at the "Y" is rolled off last evening between Chapman and Raymond teams and resulted in a victory for Raymond's men. In the first game Bailey rolled a high score of 213, but at that Chapman's team won out by six pins.

The scores of the games are as follows:

ARREST ROCK FALLS MAN FOR LARCENY

WM. POLLOCK CHARGED WITH THEFT OF JOHN LALLY'S HORSE.

William Pollock was arrested at his home near Rock Falls last night, charged with the theft of a horse from the pasture of John Lally in Marion township on the night of Nov. 24 last. He was arraigned before Justice A. H. Hannekep this afternoon and the case was continued until Friday, January 15. He was held under \$600 bonds and being unable to furnish the same was committed to the Lee county jail.

Mr. Lally missed the horse on the following day when he went to water the animals in the pasture. Thinking the animal might have strayed away he did not report his loss to the officers for a few days. A short time ago trace was found of the horse as having fallen into the hands of Oliver Coffman, a horse buyer at Mt. Morris. Mr. Coffman had in turn sold the animal along with other horses in the Chicago market.

Today when Mr. Coffman confronted Pollock he identified him as the man of whom he had bought the animal. Pollock refused to make a statement and asked for time to employ counsel. He was brought to Dixon this morning from Rock Falls by Officer Carl Kirner of the Rock Falls police force.

at \$1.37 3/4, or 2 1/2 cents higher than it brought at the extreme high level during the Patton pool in 1908, when the United States overexported. The prices are also higher than when Joseph Leiter in 1898 attempted to corner the market and lost millions. Now there is no manipulation of the market as the increase is based on supply and demand.

The advance in flour prices brings the price of standard brands of Minneapolis mills to \$7 a barrel.

City Where He Started in 1896 Gets Cleveland Veteran.

Cleveland, Jan. 6.—The Cleveland American league club announces that Napoleon Lajoie, veteran second baseman, had been released to the Athletics. Lajoie will succeed Collins as second for the Athletics.

Connie Mack arrived here from Philadelphia and personally negotiated the deal. The trade was announced as an outright transfer, no other players being involved. The price was withheld. Lajoie made his three thousandth base hit on Sept. 27 last season. His salary is \$9,000 a year.

This deal sends Lajoie back to the town in which he entered major league base ball and in which he secured fame during the first war between the National and American leagues. He was enjoined from playing with the Athletics in the state of Pennsylvania and was restrained later by the courts of other states.

After the old base ball war he was permitted to remain in the American league and then was transferred to Cleveland. He has not been satisfied with conditions on the Nap club for several years and is said to have been eager to get away.

"CASCARTS" RELIEVE SICK, SOUR STOMACH

MOVE ACIDS, GASES AND CLOGGED WASTE FROM LIVER AND BOWELS.

Get a 10 cent box now.

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, dizziness and sick headache, means a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they immediately cleanse the stomach, remove the sour, undigested and fermented food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. Then your stomach trouble is ended. A Cascaret to-night will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing too.

DIXON BOWLERS WERE VICTORS

Poole, Peters, Hoberg, Devine and Fritz, representing Dixon in a bowling contest at Sterling Tuesday evening were victors over the Sterling bunch by 125 pins in the three contests played, the final score being: Dixon, 2530; Sterling, 2405.

BAD COLD? HEADACHY AND NOSE STUFFED

"PAPE'S COLD COMPOUND" ENDS COLDS AND GRIPPE IN A FEW HOURS.

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all gripe misery goes and your cold will be broken. It promptly opens your clogged up nostrils and the air passages of the head; stops nasty discharges, or nose running; relieves the headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffling. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice and causes no inconvenience. Accept no substitute.

EGYPT.

Egypt is an African country consisting largely of the right-of-way of the river Nile.

If there was no Nile river there the Massachusetts poor-house are supported. Egypt is chiefly distinguished for its pyramids and its age. Its pyramids are the largest structures ever erected by man, but are out of date and useless, having no ventilation or elevators. They were built 4000 years ago, a time when Egypt was already upwards of 3000 years old and still going strong. Six thousand years ago this country was the greatest nation on earth, but it didn't live up to its opportunities. It buried its dead kings in tombs of granite as large as a Nebraska mountain, and kept its living tax payers in mud huts. This caused the tax payers to deteriorate so rapidly that for the last 2000 years they haven't amounted to much. England has run the country of late and the most interesting things in it are the neatly preserved remains of its old families who died off before Rome got into swaddling clothes.

A great many nations flourished and grew great in the old days but their kings always made the mistake of thinking they were the only inhabitants who needed any support and the population consequently died off, very inconsiderately, and left the said kings in an awkward and ridiculous position. Nothing is more embarrassing than to be a great king without any population among the royal set.

Egypt has 400,000 square miles, but only 13,000 of these are worth shot from the station, that the Germans have guns that will shoot twenty miles.

A Cruel King.
"Wasn't King John a wicked man?" said the professor's little daughter the other evening. "He used to run over people with his motor cars."

"The professor was puzzled somewhat. 'Haven't you made a mistake?'" he inquired doubtfully. "Surely your teacher didn't tell you that."

"Oh, yes, she did. She told us that King John ground down the people with his taxes."

So the sheriff assembled more men and all returned to the island. They had bundled up in their heaviest clothing and took up stations around the house at a safe distance. There they prepared to wait until daylight, when they expected the besieged man to make a dash for liberty.

Will Hold Annual Meeting
The annual fellowship supper and business meeting of the congregation of the Congregational church will be held at the church tomorrow evening, the supper being served at 6 o'clock and the business meeting being called at 8.

Miss Lillian Hefley is ill with the whooping cough.

Sheriff Mackay and one of the men returned to Oregon. One remained on guard. At the office of the sheriff a telephone message had been received from the island.

"Tell the sheriff I'll kill these people in the house if he starts shooting," it ran. "I'll make a good job of this one. I'm a dying man and I won't give up."

Greeted by Rifle Shot.
A crack of a rifle warned them away. They dodged behind trees, and then the convict shouted at them:

"I'll kill you before you get me. I'm not going back."

THREE PROGRESSIVE C.P. IN STATE

Continued from Page 1.

mainly in existence.

Senator Harris said he considered himself a Progressive and would affiliate himself with the publican party.

"While I still consider myself a Progressive I cannot follow the tactics of the Democratic election cases and shall take part in their campaign."

Resolutions inviting Representatives McCormick and Hicks to take part in the Republican houses caucus were offered by Representative John A. Atwood, a Republican colleague of Hicks from the Rockford district.

The Republican house caucus met at 5:30 o'clock in the evening and again at 9 o'clock.

Wets Absent from Caucus.
When the caucus was called to order by Garrett DeForest Kinney of Peoria, chairman of the Republican state central committee, there were seventeen absentees. All were wets who had remained away from the caucus because of the fear that the dry majority would name a dry majority for speaker.

Sixty-one of the seventy-eight Republican representatives were present. The two Progressives brought the total up to 63, or fourteen less than the constitutional majority of 77.

Names of several Democrats will be presented on the floor of the house as candidates for speaker when the legislature convenes at noon tomorrow. These candidates are expected to include M. L. Igou, Burns and James H. Farrell of Chicago, Arthur Roe of Vandalia, John P. Devine of Dixon, W. C. Kane of Harrisburg, Lee O'Neil Browne and Ferdinand Garesche of Madison. The dries are expected to support Kane.

O'Connell Reaches Capital.
William L. O'Connell of Chicago, Governor Dunne's chief lieutenant, reached Springfield during the day, but denied that he was doing anything regarding the speakership situation. Governor Dunne also said that he was keeping his hands off.

The impression is general that it will be impossible to elect a speaker and possibly not this week.

Although both Republican and Democratic senators held meetings today nothing was accomplished toward settling the difficulties involving the two seats which are vacated by reason of Governor Dunne's failure to issue certificates either to Democrats or Republicans.

Lieutenant Governor O'Hara intimated that he might recognize Joseph Strauss and Thomas F. Byrne the contesting Democrats, and thus force the Republicans to obtain a majority vote in order to dislodge them from their seats.

A Democratic committee was informed by Assistant Attorney General Ramsey 25 senators could organize the senate. There are 25 Democrats, 23 Republicans and one Progressive in the Senate.

Confere on Contest.
Committees representing the Republicans and Democrats held a conference at the instance of the former. The Republicans proposed that the ballots should be recounted in

Long as conductor of the church, the assistant conductor and the following officer were:

Mrs. Anna Stuckey.
Mrs. Emogene Morris.
Mrs. Mary Schmucker.
Mrs. Mae Brookner.
Mrs. Lucy Kirkham.
Mrs. Sadie Bowers.
Theresa Wolf.
Mary Berard.
Conductor—Marie B. Hetler.
Guard—Elizabeth Close.
Instructor—Nettie Gibson.

After the installation work was finished, the newly installed president, Mrs. Stuckey, presented Mrs. Petre with a Victrola record, "Dreamland," for the efficient service rendered the Circle during the meeting. She also presented the conductor and musician each with a box of handkerchiefs. Mrs. Mary Schmucker then presented Mrs. Emogene Morris with a novel fern dish, for her diligent services as assistant conductor during the year. Another surprise was given when the treasurer, Mrs. Mae Brookner Cupp, in behalf of the circle, presented Mary B. Hetler, with a substantial check, as Mrs. Hetler has served as president of the circle for three years and has already received her past president pin. She is the only member of the circle who has ever served in the chair for that length of time.

To Visit Father.

F. X. Newcomer left last night for Leaf River to visit for a few days at the home of his father, Joseph R. Newcomer.

Current Topic Club.

The Current Topic Club held their regular meeting this afternoon at the home of Mrs. Herbert Harms.

Entertained at Tavern.

Sterling Gazette: Captain J. Frank Wahl of this city commanding Company I, Sixth infantry, U. S. G. of Morrison, will entertain the officers and non-commissioned officers of Company I, at the Nachusa Tavern, Dixon. The affair will be a dinner preceding the school of instruction.

Ladies Aid Society.

The Ladies Aid Society of the St. Paul's Lutheran church will hold their regular meeting Thursday afternoon at 2:30 at the home of Mrs. Otto Beiers, 905 Palmyra avenue.

A. L. Wilson, agent for the Everwear aluminum ware will be present at this meeting and give several demonstrations, which should be of interest to all the members.

Entertainment at Franklin.

The Franklin Grove band will give an entertainment consisting of a band concert, a home talent play and a basket social in the Lincoln hall at Franklin Grove Friday evening. Everyone invited.

Grandma Brierton Entertained.

Grandma Brierton entertained her daughter, Mrs. Nellie Potter and Mrs. Phillips and her granddaughters, Misses Lita Phillips and Florence Potter, Monday evening at the home of Mrs. Missman on Fourth street. Grandma Brierton proved a royal hostess and the guests spent a pleasant evening.

Sleigh Ride Party.

The pupils of the eighth grade of the Dixon high school with their teacher and other chaperons will enjoy a bob-ride Thursday evening followed by a supper at the A. A. Rowland home on Third street.

D. A. R. Meeting.

Saturday afternoon, Jan. 2, the

members of the Daughters of the American Revolution were entertained at the home of Miss Pratt, 513 East Fellows street.

Miss Pratt was assisted by Mrs. Quimby and Mrs. Burnham.

It is a pleasure to note that the interest in the meetings is not abating during the cold weather, the usual number of members and visitors was present to listen to the program which followed the opening exercises and business meeting.

Miss Winifred Roe entertained the ladies with a piano solo, "Pendant la Valse," by Theodore Lack, and graciously responded to an encore with "Traumerel" by Schumann.

Miss Roe plays with a great deal of expression and displays much talent.

The paper of the afternoon by Mrs. Barlow consisted of a series of incidents in the lives of three notable women of Revolutionary times: Catherine Green, Molly Pitcher and Deborah Sampson. It was full of interest and could not help but inspire the hearers with love and admiration for those noble women.

Miss Murphy read a selection entitled "The American Flag, the Emblem of Liberty," which was a description of the evolution of the American flag. It is of interest to us to know that the American flag upon which the sun never set has remained unchanged longer than any other country except Denmark.

At the close of this excellent program the hostess served dainty refreshments and a pleasant social half hour was enjoyed.

Jolite Club Met.

The Jolite club held a business meeting this afternoon with Miss Marie Leslie.

Thursday Reading Club.

The Thursday Reading Club will meet with Mrs. Park, 211 East Boyd street, Friday afternoon.

End Visit.

Mrs. H. E. Flemming returned to Chicago today after an over holiday visit with her mother, Mrs. John Hauser of this city.

Returned from Sterling.

Mrs. Mary Fein has returned from Sterling after a two week's visit at the home of Mrs. Carl Prestin.

GIRLS! GIRLS! TRY IT BEAUTIFY YOUR HAIR

MAKE IT THICK, GLOSSY, WAVY,
LUXURANT AND REMOVE
ALL DANDRUFF.

Your hair becomes light, wavy, fluffy, abundant and appears as soft lustrous and beautiful as a young girl's after a "Danderine" hair cleanse. Just try this—moisten the cloth with a little Danderine and draw carefully through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25 cent bottle of Knowlton's Danderine from any druggist or toilet counter and just try it.

Dixon Lodge is Praised by Supreme Master.

The Mystic Workers held their regular meeting last evening. A very large crowd assembled to begin the New Year's work. The regular business was transacted and two candidates were initiated.

Supreme Master J. Ross Mickey, was present and gave a short address to the local order. Judge Mickey has been in Dixon before and his many old friends were glad to see him again.

Hon. Mickey said it was a pleasure to be in the Dixon lodge, and as he listened to the reports which were read during the meeting, he was convinced that the books of the local order were kept straight at all times. He said that few, if any, of the Mystic lodges were as favorably and comfortably situated.

The Mystics, says Worthy Mickey, have over 79,000 members, and if the war times had not caused a depression in all lines they would have reached the 80,000 mark. But prospects now look still more favorable, as the farm and shops promise to furnish work for the unemployed. The members have confidence in the order, because it has paid all claims promptly. \$750,000 is now in the surplus fund of the order and the Judge declared the plan and order upon which the society is run has put it where it is today. The Mystics will soon have a million dollars to their credit and they have gained it in an honorable manner. The money is safely invested and can be produced at any time.

As to the rates Worthy Mickey told us the order had received over \$200,000 more than it had paid out, and with the order growing, as it is the rate question need not worry any one who wishes to join.

Dixon lodge was organized Decem-

ber 26, 1895, and since that time has paid into the order \$31,788.20. We have paid \$25,500 in death claims, and \$1,150 in accident claims, leaving us a balance at the head office of \$5,138.20.

Worthy Mickey stated that no institution was before the church, but the Mystic Workers are helpmates of the church, and in this society practical Christian work is being done in the keeping of homes together, and giving the orphans a chance at education and the better things of life. A selfish life is not worth living, but the Golden Rule applied to the life of an individual, or a society, makes that life or that society worth while, and the Mystic Workers are in business to do all the good they can.

The annual installation ceremonies followed the address of Worthy Mickey acting as installing officer, and Henry F. Relein, district manager, acting as supreme conductor. The officers installed were: Preceptor, Wm. V. Slothower; Monitor, Rose Bennett; Secretary, Agnes A. Barry; Banker, Ezra M. Hoover; Marshal, A. H. Beckingham; Sentinel, Harry Graff; Warder, B. A. Dewey; Supervisor for term of three years, E. A. Fuller.

Worthy Slothower, in behalf of the lodge, presented Hon. Mickey with a fountain pen, Worthy Mickey responding with one of his neat little talks, in which he expressed his appreciation to the members of the lodge.

After the meeting, supper was served and a social hour was spent, and all left the hall feeling that the New Year had greater possibilities in store for them, and that they had made a good start in the work of 1915. —Percy W. Busby, press correspondent.

Mrs. Annette Loder Must Pay \$500 for Mail Fraud.

Seattle, Wash., Jan. 6.—Mrs. Annette Loder, who was found guilty Christmas eve of using the mails to defraud, in connection with the sale of stock in the Kupreanof Copper Mining and Smelting company of Alaska, was sentenced by United States District Judge Jeremiah Nease to pay a fine of \$500 and costs.

Mrs. Loder, who inherited the mine from her husband, was brought to Seattle from Galesburg, Ill., for trial.

WHAT IS MISSION FURNITURE?

And where did it come from? These are questions often asked us. Many people believe that "Mission" is a term applied to some particular finish. Such is not the case. Mission Furniture was introduced into our country by the Spanish Missionaries, that's where the word comes from, and as Spain not being a manufacturing nation at that time (nor since, to any considerable extent in furniture,) depended on the Netherlands for its furniture, the Spanish Missionaries and Monks who settled on the western coasts of America patterned after the kind of furniture they were accustomed to have at home and as best they could, made for themselves, furniture along the lines laid down by those sturdy old Dutch furniture makers.

"Limberts Holland Dutch Arts and Crafts Furniture is exactly the kind of furniture that has made Holland's product sought for, all over the civilized world. Straight Lines—Sturdy—Well Built and Beautiful because of its simplicity and stayability. Limberts has a "Special Fumed" finish that is very beautiful and very durable, many things in this old Holland dutch furniture is on our sales floors for you to choose from. You are invited to come and see it, it is of special interest to those furnishing the new home and to those furnishing the first home.

THE FOOT AND MOUTH DISEASE.

The territory about Dixon seems to be getting its turn at the dreaded foot and mouth disease and many local stock owners are becoming alarmed over the situation, as well they might. The stringent rules laid down by the federal and state authorities, whether needed or not, make the appearance on a farm of the epidemic a disaster.

Especially is the drastic action of the slaughter of a herd of cattle a catastrophe, because in many cases it means the wiping out of something more than so many thousand pounds of beef; it means the loss of a dairy herd, and the value of a dairy herd cannot be figured in pounds and the market price per pound for beef.

It takes years and even generations of work and expense and careful training to get a good dairy herd together. The state cannot pay a dairyman for a lifetime of labor by giving him the beef price for the stock on his place. Even if the big loss in the slaughter of the herd were not counted, in the case of a dairy farm the biggest item of income on the farm is shut off for many months. It is impossible to predict the whole amount of loss that will befall the farmer who is so unlucky as to have the disease appear on his place.

So there is every reason to take every possible precaution and every possible preventative which may keep the farms clear of the germs that are causing so much havoc among the stock of this state. Any reasonable action which will save a lifetime of labor and thousands of dollars is surely worth the effort.

"LET US HAVE PEACE."

The author of the foregoing phrase was the commander of a million American soldiers actually under arms. He was also the author of the subjoined advice to the American people concerning the method of maintaining peace:

"To maintain peace in the future is necessary to be prepared for war. There can scarcely be a chance of a possible conflict, such as the last one, occurring among our own people again; but, growing as we are in population, wealth and military power, we may become the envy of nations which led us in all these particulars only a few years ago; and unless we are prepared for it we may be in danger of a combined movement being made to crush us out. Now, scarcely twenty years after the war, we seem to have forgotten the lessons it taught and are going on as if in the greatest security, without the power to resist an invasion by fleets of the fourth rate European powers for a time until we could prepare for them.

"We should have a good navy and our sea-coast defense should be put in the finest possible condition. Neither of these costs much when it is considered where the money goes and what we get in return. Money expended in a fine navy not only adds to our security and tends to prevent war in the future, but is very material to our commerce with foreign nations in the meantime. Money spent upon seacoast defenses is spent among our own people, and all goes back again among the people. The work accomplished, too, like that of the navy, gives us a feeling of security."

We are indebted to Messrs. Perine and Nichols of New York for this hitherto overlooked passage from the "Personal Memoirs" of Ulysses S. Grant. Americans now considering the great question of national preparedness will thank us for bringing it to their attention. They will also note the close resemblance between General Grant's counsel to the republic and that of George Washington more than three-quarters of a century earlier.—N. Y. Sun.

REAWAKENED PARIS.

There has throughout been something tremendously impressive in the way France took her part in the great war. Facing all the handicaps which any democracy necessarily faces when plunged into hostilities, the nation took up her burden with a calm dignity and singleness of purpose very fairly exemplified in her great chief, Joffre la Taciturne, as they are calling him in Paris. That dignity has been maintained throughout. The dark days when the government was moved to Bordeaux added a touch of grimness to life in the capital, but brought neither panic nor dismay.

Now Paris is fast becoming her old self again. The "bosches" are across the Aisne. The government has returned. And, sign of most importance, the Theatre-Francais and the Opera-Comique are open. It is not the old life of the boulevard, to be sure. The new national spirit and the present one absorbing purpose color the scene; it is, however, Paris expressing herself again, clear-eyed and confident. At the Comique "La Fille du Regiment" ends in a burst of "Marseillaise," and the play at the Theatre-Francais has the same epilogue.—New York Tribune.

PRETTY BAD LOT OF STATES.

Extravagant to claim Massachusetts has "the worst system of taxation in the country." Ohio runs her a close second, and New York has specialties that challenge competition.—Wall Street Journal.

Wisconsin's is positively wicked, the atrocity of the state income tax looming uglier than ever against the background of the federal imposition of the same character. Perhaps the new legislature may see its way toward doing something to redeem the state from its unenviable conspicuity and relieve business men from a handicap that places them at a disadvantage in competition with those of commonwealths in which wiser and juster systems prevail.—Milwaukee Wisconsin.

It must be a bitter pill for some of the Moosers who burned the bridges behind them to learn of the action of Medill McCormick and the other Progressive members of the Illinois house and senate. Mr. McCormick and his colleagues joined the republican caucus, agreed to support any candidate named by the republicans for speaker, agreed to support the republican side of the contested election cases, etc.

Medill McCormick, erstwhile Bull Moose, but recently affiliated with the republican party, was one of the big Moose of the herd. He was National committee man from Illinois and he was also vice chairman of the Progressive National committee, so his action in joining the ranks of the republican party means something, does it not?

THE PROPHET.

The weather man says "Snow," and then all people know it will be fine, the sun will shine, and warm up things below. The weather man says "Fair"

and people everywhere their slickers don, put gumboots on, and for a rain prepare. The prophet does his best; he seldom takes a rest; all day he scraps with charts and maps from North and South and West. He toils and never tires; he reads expensive wires from Hudson's Bay and far Carthay, and from the British shires. And still his guess is punk; his prophecies are bunk; one time in eight he gets it straight, and seven times it's junk. His system's not O. K.; it leads him all astray; 'twere best, perhaps, to burn his maps, and throw his charts away. He ought to study well the groundhog of the dell, which knoweth more of weather lore than human sharps can tell. A goosebone he should get, e'en though he goes in debt; for that will show if we'll have snow, or weather dry or wet. Let him observe the wrens, the wise old cackling hens, the toads and frogs, the barnyard hogs, the bullsnares in their dens. And then when he foretells the storm that whoops and yells, the storm will come and freeze us numb, and he'll be wearing bells.

Mr. Schwind states that his firm has delivered up to Jan. 1st, 1915 machines which no doubt proves the basis of his optimism. He is a guest at the Nachusa Tavern.

CHESTER FLOUR MILL BURNS

\$150,000 Fire in Illinois Town, 75 Men Thrown Out of Work.

Chester, Ill., Jan. 6.—Fire caused a loss of \$150,000 to the flour mill of the H. C. Gole Milling company. The main mill building with complete equipment, the offices, the river ware house and storage room, the railway storage and shipping sheds, 3,000 barrels of flour and large quantities of mill stuff were consumed. The boiler plant and two large grain elevators were not damaged. The insurance is about \$60,000.

Seventy-five men will be thrown out of employment.

BOXING IS FATAL TO SEAMAN

Edward C. Ott, Formerly of Indianapolis, Dies After Being Struck.

New York, Jan. 6.—Edward C. Ott, an ordinary seaman on the battle ship Florida, was killed Saturday evening on the ship in a friendly boxing bout that went too far. Pat Walsh, a Brooklyn lad who, like Ott, has been one year in the service, is under arrest and is being tried by court martial for causing the death. Ott was knocked down and died in four minutes.

Ott's home was in Indianapolis.

REPORT FRENCH REPULSED

German Official Statement Tells of Action East of Steinbach.

Berlin, Jan. 6.—(By wireless to London.)—The German official statement on the progress of military operations given out in the afternoon asserts that fighting at a point two miles east of Steinbach resulted in the driving back of the French. French attacks were repulsed in the Argonne and near Arras. The text of the communication is as follows:

"In the western arena of the war, at a point north of Arras, we have blown up a French trench 200 yards in length. We also took some prisoners. The counter attack of the enemy at this point failed. In the Argonne we repelled several French advances. A French attack between Steinbach and Uffholtz was repulsed after a bayonet encounter."

GERMAN AIRMEN KILL MANY

Raid on British Reserve Ammunition Stores Results in Heavy Loss.

Berlin, Jan. 6.—German aviators made a raid on the British reserve ammunition stores at Coudeskerque and dropped many explosive bombs. It was officially announced here that 100 British soldiers had been killed or wounded by these bombs, and vast quantities of ammunition destroyed.

CAPTURE TRENCH MILE LONG

ENT TELLS OF VIC
ARGONNE DIS-
TODAY.

ENTER WAR

es She Will Take Up
Against Teuton
Allies.

WAR SUMMARY. (Associated Press)

German trench half a mile long
the region of Argonne was blown
by the allies, according to the Par-
statement today. The French infan-
try then captured half of the trench.
The grandson of Garibaldi, the fa-
mous Italian patriot, was killed in the
charge.

CHECK ADVANCE

The Germans seem to have checked
the advance of the French in Upper
Alsace. Berlin asserts that the Ger-
mans have captured a number of the
trenches in Argonne.

TAKE PRISONERS.

In Poland, according to Berlin,
1400 prisoners have been taken.

RUSSIAN STATEMENT

Petrograd says that every member
of a sortie party from the Galician
fortress at Przemyśl was killed, cap-
tured or wounded. It is also claimed
that two Turkish columns in Cauca-
sus were completely defeated, one
Turkish army corps being entirely an-
nihilated.

ROUMANIA TO FIGHT?

It is believed in Petrograd that
Roumania is preparing to enter the
war against Austria and Germany.

SPIES ARRESTED.

Forty-three German spies were ar-
rested among the Canadian troops
which sailed for England last fall.

COSSACKS INVADE HUNGARY

200,000 Are Said to Have Penetrated
Mountain Passes.

Rome, Jan. 6.—Advices from Vienna,
brought by messenger to escape the
censor, indicate that the Russian ad-
vance into Hungary is gaining
strength rapidly. Already more than
200,000 Cossacks are reported to have
penetrated the Carpathian passes and
to be following the railway and high-
ways south toward Budapest.

The Hungarian capital is declared
to be greatly excited over this latest
development, and many Hungarians
are urging a revolutionary movement
to aid the Russians.

ADDITIONAL SOCIETY

Returned from Sublette.

Harry Stitzel returned from a
week's visit at the Tourtellott home
in Sublette, last evening.

Charivari Party.

A party of 25 friends of Herman
Schick and bride, who live near the
milk factory drove in a sled and sev-
eral cutters to their home last even-
ing to give them a happy reception
in their new life. However, know-
ing that they were butchering yes-
terday, they took pity on the bride
and groom and also themselves, and
took along their supper, consisting
of oysters, cake and pickles. Upon
reaching the home of the above men-
tioned it seemed that no one was
home, so they continued to make the
usual noise characteristic at such an
occasion, but still no one responded,
so the party went to home No. 2, (as
the bride and groom are blest with
two homes) were told they were not
there. So the party drove back to
home No. 1 and did a lot of blow-
ing of horns and created all the noise
possible, and still no response, so
thinking the couple cared for no one
else but themselves and were too
tired to arise and partake of the re-
freshments they had brought, they
returned to the home of their chap-
erone and enjoyed their supper,
which was pronounced excellent by
all. Late in the evening the party
returned to their respective homes
with expressions of having had a
most delightful ride.

Birthday Party.

Master Edward Bennett of West
Dixon entertained eleven of his lit-
tle friends Tuesday afternoon from
3 to 5 in honor of his fifth birthday.
The guests were Misses Bertha and
Emma Joint, Sarah Telton, Helen
Spielman, Viola Kime, Alice and
Gwendolyn Bennett, Ruth Coakley,
and Masters Ray Coakley and Ger-
ald Kime. The table was prettily
decorated with two birthday cakes
containing five candles each. The
afternoon was spent in playing
games and at five the guests de-
parted wishing Master Edward many
more happy birthdays, and left him
many remembrances of the pleasant
occasion.

INTERESTING WAR WAR SIDELIGHTS

London, Dec. 20.—Correspondence of the Associated Press.—The butt ends of cigars and cigarettes picked up so industriously in the streets by vagabonds are not all used for private smoking, as shown in the case of Isaac Liss, an east end tobacconist who was fined 100 pounds this week for selling untaxed tobacco. Liss had in his shop ten pounds of butts and 41,500 cigarettes made of that material. He bought part of his supplies from a man named Robbins, who sold his picking at the equivalent of 32 cents a pound. Cigarettes made of this material brought Liss two cents each. In view of the nature of the business, which carried disease as well as filth from the streets to the mouths of deceived purchasers, the magistrate imposed the extreme penalty upon the Liss with the alternative of serving four months in jail, and half of that upon the dupe, Robbins.

London, Dec. 20.—Correspondence of the Associated Press.—Lord Kitchener has given his consent to the formation of a Jewish battalion, though there is still some opposition to the movement on the part of the Jewish leaders, who say that a Jewish battalion would intensify the tendency to regard Jews as aliens.

There are now over 5,000 Jews in the British army. The casualty lists disclose wounded Jewish soldiers in many of the regiments at the front, including some of the famous old regiments like the Black Watch. A fair showing of Jews is also made in the royal navy.

London, Dec. 20.—Correspondence of the Associated Press.—In a letter descriptive of his experiences in the air, Lieut. Jose Orta, a French aviator, writes to his parents in London that while rifle fire is little feared the "shrapnel shells with their vertical range of 10,000 feet, are villainous visitors.

"You would not believe the number that have been aimed at me," he writes, "but all exploded either too low or too high. The noise of the motor is so loud, by the way, that we can not hear them explode unless about fifty feet distant. Then we have to dodge. The most dangerous altitude is about 6,000 feet, as the German aeroplane artillery is timed to this range. Either a thousand feet higher or lower is safer than 6,000 feet. We have to be very careful, in any case."

London, Dec. 20.—Correspondence of the Associated Press.—The Turkish troops posted in the Lebanon Mountains, north of Palestine, are suffering severely from unusually hard winter weather, according to British advisers from Cairo. Considerable numbers of the troops, which are poorly provided with clothing, are said to have died from exposure, and cases of frostbite have decimated the army.

Lebanon is being strongly occupied by the Turks, the number of troops in the province being estimated at 150,000. In Syria proper there are 80,000 troops. The Turkish officials are said to be endeavoring to secure alliances with various native tribes, but so far their efforts have been in vain.

Chicago, Jan. 6.—An auditor. Figure chickens are his watchword.

Back of his residence park there is an inclosed square in which he keeps his "150 egg machines" belong to the tribe known as White Leghorns. He expects and obtains eggs from "machines" with the same regularity and accuracy as he does figures from an adding machine.

He says he has obtained 18,000 eggs from his "machines" in the last year, or an average of an egg every third day for each fowl, and expects to bring this average up to an egg every other day for each hen during 1915. All the hens are laying now and he sells the eggs for 50 cents a dozen. Mr. Newell attributes his success to the fact that his chickens live in two electric lighted coops, go to roost by 100 candle power.

ARCHBISHOP IRELAND IN LINE FOR RED HAT

Honor Said to Be Coming at Next Consistory.

New York, Jan. 6.—A special London correspondent says: "I am assured by a person who should know that Archbishop John Ireland of St. Paul will be created cardinal at the next consistory, the date of which has not yet been fixed. Archbishop Ireland has been mentioned at least a dozen times for this honor, and many prominent Americans did their best to influence the late Pope Pius in the archbishop's behalf."

It will be recalled that in 1900 President Roosevelt wrote a letter to Mrs. Bellamy Storer, wife of an American diplomat, in which he praised Archbishop Ireland in the highest terms. Later, when Mr. Storer was appointed in 1902 by President Roosevelt to the ambassadorship to Austria-Hungary Mrs. Storer became active in Archbishop Ireland's behalf; so much so, in fact, that in 1906 her husband was recalled from his post.

The sensation that followed the publication of correspondence between Roosevelt and Ambassador Storer is believed to have injured the archbishop's chances for elevation, although his friends always insisted that he was the innocent victim of too zealous friends.

A NEW YEAR SUGGESTION

Why Not Start The New Year Right?

Cut Down Your Fuel Expenses

This is a practical and easy way to save money.

Increase your comfort and fuel satisfaction as well

BURN

Milwaukee Solvay Coke

"THE FUEL WITHOUT A FAULT"

SOLVAY COKE IS better than hard coal because it contains more carbon and less ash—the University of Illinois tests prove Solvay Coke 11% more efficient, pound for pound. Solvay Coke would be 11% cheaper than hard coal even at equal prices—but we sell it at much less, enabling you to save 20% of the fuel cost. One dollar out of every five dollars to lay away for a "rainy day" is quite a tidy sum figured on the year's bill.

GRANDMA NEVER LET HER HAIR GET GRAY

Kept her locks youthful, dark, glossy and thick with common garden Sage and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Weed's Sage and Sulphur Hair Remedy." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover that dandruff is gone and hair has stopped falling. Gray, faded hair, though no disgrace in a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with "Weed's Sage and Sulphur and look years younger."

DAVIS ASKS WILLIAMS' SEAT

Serves Notice of Contest on Illinois Congressman at Large.

Washington, Jan. 6.—William Elza Williams, congressman at large from Illinois, was served with notice of a contest for his seat in the Sixty-fourth congress by J. McCan Davis of Springfield, his Republican opponent in the November election.

Mr. Williams accepted service, and his only remark was that Mr. Davis seemed to want a recount of the whole state of Illinois.

Illinois Man Is Chosen.

Boston, Jan. 6.—Col. A. B. Adams, now head of the school for boys at St. Charles, Ill., has been chosen by the state prison commission to succeed Alvah Baker, resigned, as superintendent of the Concord reformatory. Colonel Adams formerly was assistant adjutant general of the Ohio national guard.

WEEK BY WEEK

EACH WEEK APPEAR THE STATEMENTS OF DIXON RESIDENTS.

Last week it was a Dixon citizen who spoke. The week before it was a Dixon citizen who spoke. The week before and for many weeks before it was a Dixon citizen who spoke. And again this week it is a Dixon man. You are not asked to act upon the word of a stranger. The best guidance that is humanly possible to give you—the encouraging word of neighbors, is always given.

W. Walford, blacksmith, 843 W. Walnut Ave., Dixon, says: "I had quite a little trouble from my back and kidneys. The kidney sections were irregular in passage and when I stooped I had pain across my loins. My back often ached. I used several boxes of Doan's Kidney Pills and they made me well. The pains left and the action of my kidneys was regulated."

Mr. Walford is only one of many Dixon people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Walford had—the remedy backed by home testimony. 50c all stores. CANDIDATE STARTS WITH BAD RECORD

Thieves Steal His Petition, Might Steal City Hall.

Alton, Ill., Jan. 6.—Because some one stole the petition which he was circulating to qualify himself as a candidate for mayor of Alton, James P. Murphy was forced to do his work all over.

He got busy again and obtained signatures to the second petition, which he immediately filed before any one should get a chance to confiscate it.

Murphy declares that his platform is opposition to the Board of trade, the newspapers and existing political and commercial conditions in Alton. Several years ago he was the Socialist candidate for state's attorney.

SEEK BOULEVARD ON CANAL

Chicagoans Would Have Driveway From Their City to Lockport.

Springfield, Ill., Jan. 6.—The first legislative lobby committee to arrive in Springfield visited Governor Dunne in an endeavor to induce him to lend his influence to a plan to fill up the old Illinois and Michigan canal from Chicago to Lockport and make a boulevard of it. The committee is composed of members of the Chicago city council, drainage commissioners and Chicago citizens. The cost of filling in the old canal is estimated at \$3,000,000.

When it is completed, the supporters of the plan contend it would be one of the finest driveways in the world.

HARVESTER PLANT RESUMES

Auburn Branch to Put Many Idle Employees to Work.

Auburn, N. Y., Jan. 6.—The officials of the local plant of the International Harvester company began engaging again the employees who have been idle for many months.

The company employs about 2,500 persons here under normal conditions. Officials said they expected to have the plant running at full capacity within a few weeks.

TROPIC HEAT TO FRIGID BLASTS

(Continued from Page 1)

converted into transports. As a result the Chinese steamers are the only ones outside of those flying the flag of the U. S. making regular trips and on the trip over they carried a heavy cargo and a full passenger list. There were about 250 first-class passengers and a large number of second-class, as well as 15,000 tons of freight. On board were many Chinese officers accompanying the exhibits being sent over by China to the Panama-Pacific International exposition at San Francisco, Cal. The approximate weight of this exhibit was 400 tons. On board also were many prominent men from the Philippine Islands, who were likewise bringing an exhibit to the exposition.

On the way over, when about four days the other side of the Hawaiian Islands, they encountered one of the worst gales that has been experienced in recent years on the Pacific. A 3000 ton wave struck the steamer, carrying away the hatchways and everything on deck that was movable. The engines were stopped and for twelve hours the boat was allowed to drift, it being useless to attempt to battle with the gale. When the tempest had quieted down it was found that the big boat had been entirely turned around from the course it had been pursuing.

Another peculiar incident on the journey as related by Mr. Beech occurred when three days out from San Francisco, of the meeting of a sailing vessel which had been out of port for 128 days. This small craft was from an Australian port and on sighting the steamer Mongolia ran up a distress signal. A small boat was lowered and sent out and it was found that the provisions on the sailing craft had been exhausted and the crew had almost given up hope of sighting any ship that might render them assistance. Only one other boat had been seen by the passengers on board from the time they left Shanghai until they came in sight of Honolulu. The European war has demoralized the shipping on the Pacific as well as on the Atlantic.

As previously stated, Rev. Beech has been in China for the past fifteen years, first going there as a missionary under the auspices of the Methodist Episcopal board. About ten years ago the following missionary organizations at work in western China conceived the idea of a university in western China: the American Baptist Foreign Mission society, the Friends' Mission Association of Great Britain and Ireland, the General Board of Missions of the Methodist Church of Canada, the Board of Foreign Missions of the Methodist Episcopal Church of the U. S. A. The object was to have a recognized institution for higher learning with the backing of the Union Missions of Western China. Fully five years of patient study was given to the building problem before the ground was broken for the first permanent building. A competition on design was participated in by architects in England, the United States and Canada, resulting in the adoption of an Oriental-Western type by the English architects.

The grounds of the university now cover an irregular area of 100 acres, just south of the city of Chengtu, midway between the south gate and the southeast corner of the city wall. Adjoining at the southeast corner of the property there is a "three-terrace hill," or mound about 25 feet high, which is said to have been the center of a military encampment in ancient times. At present the buildings erected are the administration building, three school buildings and three residences. On October 3, just before the departure of Rev. Beech, dedication services were held for the newly erected students' home and theological buildings. The two governors of the province of Szechuan were present and spoke. The four missions are now pushing the building projects as rapidly as possible with the funds available. Work was interrupted during the revolution of 1911-12, when all foreigners in west China were compelled to flee the country. Rev. Beech and family sought safety in Shanghai where they remained a year, and it was not until 1913 that the work on the university was again taken up.

At the last meeting of the Board of Governors of the West China Union University, Rev. J. Beech, D. D., was elected president. It was the sentiment of the board that Rev. Beech spend a portion of his time in West China and a portion in America and England to lay before the people the plans and what they were trying to accomplish in an educational way and to get the financial assistance that will necessarily have to be rendered. It will be a year and a half and possibly two years before Mr. Beech expects to return to China. He feels

SAYS ORGANIZED BALL IS OCTOPUS

Federal League Starts Action Under Sherman Act.

SEEKS DISSOLUTION OF RIVAL

New League Also Prays Judge Landis in U. S. Court to Restrain All Organized Base Ball Clubs From Interfering With Its Players Who Have Signed Contracts.

Chicago, Ill., Jan. 6.—Officials of the Federal League of Professional Base Ball clubs filed a bill before Judge Landis in the United States District court of northern Illinois asking for the dissolution of the national commission of organized base ball, on the grounds that it is a violation of the common law, in contravention of the anti-trust and monopoly statutes and in restraint of trade and commerce, and that the organization be enjoined from doing business as a combination.

The prayers of the plaintiffs also ask for an injunction against all organized base ball clubs preventing them from interfering with any players who have signed contracts with the Federal league. It is asked also that all contracts of base ball players heretofore made with organized base ball clubs be declared null and void, thereby making every player a free agent.

The bill also asks that the various actions now pending against George W. Johnson, Harold H. Chase, Armando Marsans and Leo Magee be dismissed.

Damages the Federal league has suffered by reason of acts of organized base ball are asked to be ascertained and assessed and that the Federal league have execution therefor.

Seeks to Cover Whole Controversy.

The bill as filed covers ninety-two printed pages and seeks to cover in a blanket the entire controversy between the Federal league and "organized" base ball. The suit was made possible through the action of Walter Johnson, considered the greatest pitcher in the game, who recently signed a contract to play during the season of 1915 with the Chicago Federal league club at a salary of \$17,500 a year on a two year contract and then reconsidered his action and jumped back to the Washington club of the American league after a conference with Clark Griffith, manager of that club, and attorneys who went to Kansas City and convinced Johnson that he was the property of the Washington club.

Johnson accepted \$6,000 from Chas. H. Weegman through Manager Joe Tinker at the time the contract was signed at Coffeyville, Kas., but this check was returned to Chicago by Johnson and Weegman refused to accept it upon advice of attorneys.

Would Guard Fed Players.

Among other things the bill asks is an injunction against organized base ball from interfering with the following named players now under contract with the Federal league:

William C. Fischer, formerly of Brooklyn Nationals; Edward J. Konetchy, formerly with Pittsburgh Nationals; Ray Caldwell, formerly of the New York Americans; W. D. Peritt, formerly of the St. Louis Nationals; Ivy Wingo, also of the St. Louis Nationals; Martin Berghammer, Cincinnati; Hugh Bedient, Boston Nationals; James Austin, St. Louis Americans; Frank L. Allen, Brooklyn; Albert Bender and Edward Plank, Philadelphia Americans; Reuben W. Marquard, New York Nationals.

GRAND JURY REPORTS

(Continued from Page 1)

Roy Jobe is the young man who hired a livery rig at the barn of Lee Read and drove the outfit to Chicago and sold it.

Fred and Arthur Pieper are Dixon young men who are charged with having stripped the engine on a launch owned by John Thomas, which was moored along the river bank west of the city.

Wm. West stands charged with having entered a boarding car standing in the yards of the Northwestern in this city in November and stealing a suit of clothes.

In their report on the condition of the court house, the jury commend Janitor Eichenberg for the excellent manner in which he has cared for the building. In substance, their report on the county jail follows: "That the property is in good condition, that the sheriff is taking proper care of the property and prisoners in his custody and none of the provisions of the statutes are being violated as far as we are able to learn. We recommend that a new sink be placed in the women's department of the jail, and that the men's apartments be re-painted."

The old and new dockets were called in the court this morning and a trial calendar arranged for the term. A large number of cases were set for hearing during the term but it is probable that many of the number will be settled out of court.

FRENCH GETTING NEAR ST. MIHIEL

Official Communication Reports

New Gains in Alsace.

GREAT VICTORY FOR RUSSIANS

Grand Duke Nicholas Telegraphs General Joffre of a "Happy Occurrence"—Whole Turk Army Corps Surrenders in Caucasus and One Other Is Fleeing.

Paris, Jan. 6.—The official communique issued at 10:45 o'clock in the evening said:

"During the night our troops have taken possession of a quarry situated at the junction of the road from Rouvres to St. Mihiel with that from Malsey to St. Mihiel, as well as the neighboring trenches.

"No other operation has been reported. The weather continues to be very bad with incessant rains."

The communique referred also to the Russian victory in the Caucasus.

The French official statement given out by the war office in the afternoon conveys the first intimation of another French advance into Alsace at a point near Orbey or Urhels, which is about fourteen miles west of Colmar. It sets forth also that the French advances in the direction of Cernay (Sennheim), southeast of Steinbach have been maintained.

There are six points on the battle front where artillery engagements have taken place and the Belgian artillery is described as active in Flanders. Advances of 200 to 500 yards near St. Georges also are reported.

Russ Take Entire Army Corps.

Paris, Jan. 6.—The evening's official communique told of a great victory of the Russian troops in the Caucasus over the Turks an entire army corps of the Ottomans being forced to surrender. The communique said:

Grand Duke Nicholas has sent to General Joffre the following:

"I hasten to inform you of a happy occurrence. The new army of the Caucasus, despite the fact that its strength had been reduced to the minimum so as not to weaken our armies in the principal theater of war, has carried off two decisive victories. On Dec. 21 and 22, over Turkish forces superior in numbers, at Ardahan, against the ninth army corps, and at Sari Kamysh, against the ninth and tenth corps. The entire ninth corps surrendered. The tenth corps is attempting to escape, but is pursued by our troops."

General Joffre replied to the telegram as follows:

"I beg your imperial highness to accept my warmest congratulations for the great victories of the army of the Caucasus. By their constant and uninterrupted effort throughout the theaters of operations the armies of the allies are preparing for the definite victories of the future."

Madame Gedville-Reache Is Dead.

New York, Jan. 6.—Madame Gedville-Reache, former contralto at the Manhattan Opera house, died at Roosevelt hospital. For a week she had been seriously ill of blood poisoning. Two operations transfusing blood from her husband's veins into hers were unsuccessful.

Germans Arrest A Cardinal.

Amsterdam, Jan. 6.—Local newspapers state that the Germans have arrested Cardinal Mercier because he issued a pastoral letter telling the Belgians that they were not morally bound by orders issued by German officials.

Zerega's Macaroni Rings

FOR SOUP. They are put up in a 12-oz. package and the contents of each package can be plainly seen through gelatine front in the carton. This is a high class piece of goods and can be used wherever noodles or vermicelli is used. It makes a better appearance and is equally as good as the noodles or vermicelli. They sell for 10c per package or 3 for 25c. We also have the Elbow Macaroni put up by the same people in the same way and sells for the same price. They are two popular items in the grocery line and we will be pleased to show them to you or send them to you.

PARLOR OR KITCHEN

dining room, bedroom or hall—it's our care and readiness to provide suitable furniture for all. If you prefer a showy set we have it. If your taste leans to quiet effects, we can supply suites of that character. To "brief" it, as lawyers put it, we have everything in the furniture line that's worth while.
